Dear Adopters

Thank you for the laptops
The Laptops help me and
my friends on our research.
On the mini's, we put
Fastmath and typing.
Once again, thank you
for the mini's and the
Internet. Now there are
more computers for the
kids. I'm so grateful
because I can't believe
how much money you paid
for the Mini notebook.

Dear Adopters,

Thank you so much for all the money
for the 30 new mini's. They must have cost
a million dollars! The mini's can help me
by doing research and homework. You
must have thought of our
future because using the mini's
will help us by getting a good job. I
really appreciate it!

Sincerely,
Sierra L

Dear Adopters,

Thank you so much
for giving us the money to
buy the mini's. We use the
minis to do Fastmath,
do research and also
typing. Without you, we
would not have the minis.
We appreciate you very
much. Thank you again

Sincerely,

Dear Adopters,

Thank you for the laptops.
We really love them, we
couldn't do cool activities
like Fastmath. Thank you
for also donating your
money to our school. This
is also going to help me
in the future. Also, thank
you for the computers
again. They help us do
research and type stories.
I am also very grateful
that you did that. They
are very cool!

Sincerely,

So

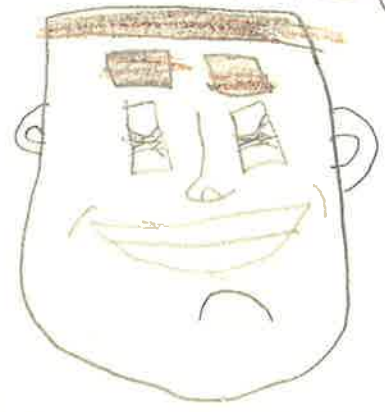

Much!

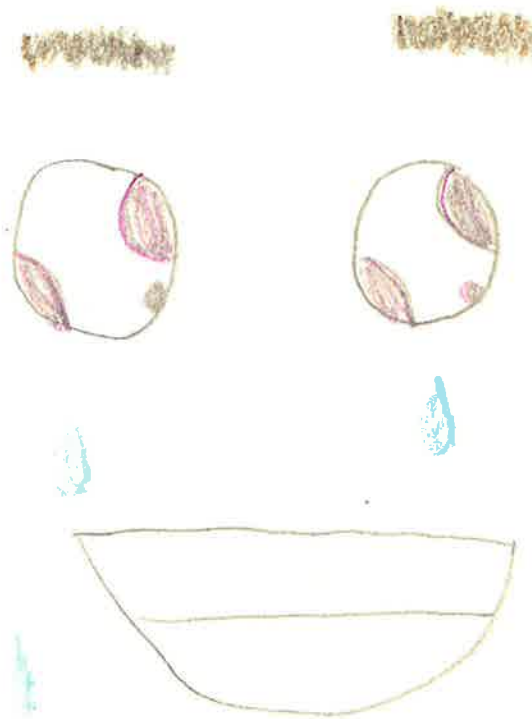

Dear Adopters,
 Thank you so much
 for the mini laptops. I
 really appreciate you
 for the computers
 they are very cool.
 We use them
 for fast math,
 read about typing,
 reaserch and ^{Internet} typing.
 You had to pay
 alot for those
 computers.

I don't ever
 have the money
 to rent one.

Sincerely,
 Gage

Dear, Adopters

For the minis because our
 teachers couldn't afford
 the whole big cart of minis
 that cost 15,000 dollars for
 it. I'm blessed that you
 got anything for the sch
 ol because we need them
 for writing class and kids
 kepp on asking for snacks
 and food for their hangry
 aching stomachs. I also
 you guys for helping with
 things and playing with
 me sincerely Marial
