

Sunrise Grapevine

President's Corner

Craig Worthington, President

Hi all,

I have put my arts and crafts skills together to make a special item that will only be available to those who attend the Installation Dinner next week, so be sure to plan on being there. The count has to be in to the Restaurant by Tues. so pick up the

phone and call Marsh or myself before then.

This is my last President's Message. I will be handing the meeting gavel and the post office box key over to George who has been attending District and International Conferences as well as making observations of procedures to prepare for his term. I look forward to being a part of his team and the possibilities that this next year will bring. I want to thank everyone for the support I've been given this last year as I have learned to appreciate what this Club stands for and the good we do in the community.

Optimistically Yours,

Craig Worthington

The installation banquet is September 29th and our first Club meeting of the new 2011-2012 Year is October 6th. Congratulations to Craig Worthington for a successful 2010-2011 Year. Craig, thanks from all of us for all your hard work.

The new year is off and running with the Packers fundraiser underway and the school

year already started. All of our varied activities provide us with lots of opportunity volunteering to meet the many required needs. We need your help to volunteer and serve the youth of our community.

We are filling the various committee chairs for the new year. Our members are so willing to help fill the slots. We want everyone to find a committee to work with. Please let me or the committee chairs know about your interests.

Thanks to all of you for your involvement. For the youth!

George

One-A-Week Club

Double Red Cell Donation

What is it?

Double red cell donation is similar to a whole blood donation, except a special machine is used to allow you to safely donate two units of red blood cells during one donation while returning your plasma and platelets to you.

Why should you do it?

You may already know about the ongoing need for blood and the importance of your donations through the American Red Cross. Whole blood donations contain red blood cells, platelets, plasma and white blood cells. Red blood cells are the most frequently used blood component and are needed by almost every type of patient requiring transfusion. If you meet certain criteria, double red cell donation allows you to safely donate two units of red cells during one appointment as an automated donation process. It is as safe as whole blood donation.

How is a double red cell donation different?

During your double red cell donation, blood is drawn from one arm and drawn through a sterile, single-use needle set to a machine. The machine separates and collects two units of red cells and then safely returns the remaining blood components, along with some saline, back to you through the same arm.

What are the benefits?

Save time and make your donation go further: If you are extremely busy, committed to donating blood and an eligible type O, A negative or B negative donor, double red cell donation may be ideal for you. Each procedure lets you give more of the product that is needed most by patients. Double red cell donation takes about 20-30 minutes longer than a whole blood donation and you can donate approximately every four months.

Feel better: With all of your platelets and plasma returned to you along with some saline, you don't lose the liquid portion of your blood and may feel more hydrated after your donation.

Please
give the
gift of
life:

Sponsorship Program

Please continue to keep the new Sunrise Sponsorship Program in mind for those that you think might be interested. A part of our new operating budget for 2011-2012 will depend on this Sponsorship Program getting on track. Additional brochures are available, as well as the CD recording of Mary Ann, as a tool to introduce others to Sunrise. The direct benefits to a sponsor can be found in our new brochure. Please let Ron, Phil, or myself know if you have any questions.

First quarter invoices are going out by e-mail shortly. Please continue to keep me updated of any e-mail changes...e-mail me directly(dave.demeuse@summitplanninggrp.com) if you would like to know where you're at with your dues.

Dave Demeuse, Treasurer

Jefferson School

Our Tutoring schedule has been set for the 3rd grade. Please see the schedule below and email Gordy at gordy.chevalier@nsight.com if you can help. Some of you may be able to do both the math and the reading tutoring which is great. Also, Shannon said if we have two tutors for each time slot, she would definitely put them to good use.

Kindergarten schedule should be out next week.

3rd Grade Tutoring	Shannon Nelson Room 116	
	Math	Reading
Date	12:30 PM - 1:30 PM	1:30 PM - 2:15
Thursday, October 06, 2011	Gordy Chevalier	
Thursday, October 13, 2011		
Thursday, October 20, 2011		
Thursday, November 03, 2011		
Thursday, November 10, 2011		

Sharing Hour Elimination

At Alison Draheim's request, the 3rd grade Sharing Hour has been eliminated. Please read her remarks:

I want to start again with my request to please understand that I appreciate all that the adopters do at Jefferson. I did not want to come in my first year and make major changes. However, there are some changes that have to be made and I am sure being professionals you understand the need to align with the overall direction and mission of your organization. Jefferson is a high functioning and great school. This is because of the staff and partnerships. I want to do everything in my power to be sure it remains to be that way and the student's needs here are first. Part of what is needed this first year at Jefferson is for me to be sure we are in alignment with our overall district goals and guidelines.

We are at a point in our district where respectful, rigorous and relevant instruction is not only a hope at our schools but it is an expectation for administrators to ensure this for all students. Shannon accurately shared the major push is our new Math curriculum and that is where the teachers and students need support. I realize this may be a change from past practice but our students need all the practice and focus they can get on Math and Reading!

At this time I would prefer if volunteers focused on what the students need help with. Shannon has many students in her room who would really benefit from the time and one on one guidance that is provided by your group. Their need is for it to be focused on academics. I hope you understand, we just simply don't have enough hours or minutes in the day to do "sharing hour." This is our WKCE prep time and our district has a focus on Math and Reading.
